Application for Water & Sewer Certification

London Grove Township must have the completed application and fee of \$50.00 when the Certification and Final Reading is requested. The Building Code Official will ask when completing the Use and Occupancy Inspection if the Water/Sewer Certification has been requested and the fee has been received.

Our Water Operator will go out and read the meter the week of Settlement. A representative from Utility Billing will email your Certification with the bill for your final water/sewer reading for closing at that time.

During closing you will issue a check for your final water/sewer reading.

If the settlement date changes please email or call the Township as soon as you are aware and we will do our best to accommodate you as much as possible.
