## Recommendations for Medicare Beneficiaries

- Review materials sent from your insurance company for any changes in co-pay, formulary changes, premium increases.
- If your Keystone 65 Value plan is being discontinued, you can enroll in an Aetna plan as follows:

- Make sure any new plan includes your doctor in the network, so call your doctor to make sure he/she will take the plan.
- If you are eligible for Extra Help, you may get some help with part of your premium. For the Aetna Standard, it could be \$14.00 and for the premier plan it would be \$32.00.
- You may also want to make sure your current drug plan or HMO covers your drugs. To do this, logon to the Medicare website and enter your medications -> [www.cms.gov](http://www.cms.gov). If you need assistance to enroll in a new plan, call APPRISE at 610-344-5004 or the Senior center closest to you
